Yank Troops Said To Be On Their Way To Silesia

(By Associated Press)
Washington, Oct. 17.—The dispatch of additional American troops to Europe, for the ultimate purpose of policing Silesia during the plebiscite as proposed in the peace treaty, formed the text of another chapter in the Senate debate today on the peace treaty. Senator Brandegee questioned the authority of the War Department to take such a step. Senator Wadsworth said he had been informed troops the already on their way.

Flu Not Feared This Winter

St. Louis, Mo., Oct. 15.—There is no indication of an epidemic of influenza this winter, according to speakers at the convention of the Association of Military Surgeons of the United States, in session here today.

Col. Victor C. Vaughn is an address declared the fouler the atmosphere and the more bacteria one breathed the more immune he would be to disease. This was proved, he said, by statistics compiled during the war, which showed the greatest death rate from diseases was among men from rural districts. "The city-reared man," he asserted, "is accustomed to breathing filthy air, while the country-bred man is not, and consequently a foul atmosphere will affect the latter sooner than the former."

L. E. Shepherd, head of the railway conductors' brotherhood, said he saw in the resolution a sincere effort at closer co-operation between capital and labor and that in his opinion the gathering is "just getting down to business."

STATE ROAD HEAD AT HOME TONIGHT

Every business man in town and everyone else interested in good roads is expected to be at the courthouse at 8 o'clock tonight to talk over the road situation in Madison county with State Road Commissioner Joe S. Boggs. If Old Madison doesn't improve her road system during the next few years, it isn't going to be the fault of Mr. Boggs, who is deeply interested in doing all that he consistently can for his home county during his term as State Road Commissioner. The people at home have to co-operate, however, and this question will be discussed tonight at 8.

Strikers Want Right To Meet

(By Associated Press)
Pittsburg, Oct. 17.—Counsel for the steel workers in the Pittsburg district announced today that legal proceedings are to be taken against public officials to restrain them from interfering with union meetings. It will be so comprehensive as to include every public officer and corporation in Allegheny county that had in any way prevented the strikers from exercising the right of free speech and free assemblage. General strike conditions meanwhile remained unchanged.

Butts Lauds Trutona As Com-batant of Tired, Draggry Rundown Feeling

Louisville, Ky., Oct. 16.—"Trutona has put my stomach in shape to digest the food I eat and I think it is truly a wonderful medicine—the kind a man needs when he has that common tired, draggry run down feeling," C. A. Butts, 1413 East Washington street, Louisville, said recently.

"My system generally was in a weakened and run down condition," he continued. "For the past thirty-five years I have worked in the foundry of the American Elevator and Machine Co., and I'd get so hot at my work that my system just naturally became run down."

"Realizing that I needed a good tonic that would build me up again and give me strength, I began using Trutona. I'm able to eat anything I want, since taking Trutona and I really enjoy the food, whereas before, I didn't enjoy any of my meals and consequently didn't get much good out of them. My bowels are acting regularly now, too. I can recommend Trutona more highly than any other medicine I've ever taken and I'm glad to do so."

Thousands of weakened and run-down men and women have found unlooked for relief through Trutona. Going straight to the seat of trouble, Trutona quickly rebuilds worn-out tissues, creates a normal action of the stomach, liver, and bowels and gives to the patient the long-sought-for strength of days gone by. As a body invigorant and system purifier Trutona is peerless.

Trutona is now being introduced in Richmond at H. L. Perry & Son's.

PETROGRAD REPORTED FREE FROM BOLSHEVIKI

(By Associated Press)
Washington, Oct. 17.—Reports of the capture of Petrograd and Kronstadt by Russian forces have been received by the State Department today from an American consular representative in Sweden. Confirmation of the report had not been received when the dispatch was sent but it is said it is generally credited in Sweden.

Not Quite Certain Yet

London, Oct. 17.—The march of General Yudeditch, at the head of the northwestern Russian army, on Petrograd is still progressing favorably, according to the latest advices. These appeared, however, some doubt that Kronstadt the outpost at the water approach to Petrograd, had been captured, as indicated in advices from Sweden.

WOMEN TO BE ASKED TO STOP EXTRAVAGANCE

(By Associated Press)

Washington, Oct. 17.—The release of additional food supplies held by the government particularly sugar, was discussed today at a meeting of the official cabinet committee on the high cost of living, but no decision was reached. Other steps in the government's campaign to combat high prices were discussed and it was announced "progress" was made. Director Clarkson, of the Council of National Defense, and Attorney General Palmer will confer in a day or two regarding an appeal to the women of the country to increase saving and decrease extravagance as one means of reducing living costs.

Maynard was forced down near Wahoo, Neb., last night after a crank shaft broke. His mechanic worked all night replacing the motor and he resumed his journey this morning.

THE LITTLE CHILDREN

Of Armenia Are Destitute—Send In Your Old Clothes

From the desert to which, nearly four years ago, they were driven by the Turks to perish, come the children of Armenia—those that are left of them. In groups of twos and threes they come, thin and hungry, clad only in dirty rags. With them sometimes are their mothers; more often—their fathers having been butchered, their mothers carried into slavery—to die of abuse—are orphans.

In the dark months of 1915 these children were forced at the point of Turkish bayonets down the long corpse-strewn path of deportation to the Arabian desert. Many of their number died beneath the blazing sun. Others were thrown to their death by their mothers, driven insane by suffering.

In equal misery are the children of the refugees who fled into the fastness of the Caucasus mountains when the deportations began. There are now about 330,000 refugees in this one region, so starved that some, according to official statements, have resorted to cannibalism.

Throughout all of Asia Minor the story of destitution is much the same. Armenians, Syrians, Jews, Persians and Greeks—men, women, and children—are dying by hundreds every day of starvation and disease.

Send your worn clothing. You can perform no nobler or more Christ-like task than to help clothe these little suffering children and helpless mothers.

I want to give every home in Madison the privilege of getting in on this. You are asked to exchange old clothes—worn, but not worn out, for the currency of heaven. Send in your worn clothing with your name marked plainly on the bundle.

WILL SELL IF WILSON NEEDS OPERATION

(By Associated Press)

Washington, Oct. 17.—President Wilson, apparently cheered by the defeat of the Shantung amendment of the peace treaty late yesterday, continues to show improvement today, White House officials said.

Meantime, however, the physicians' bulletin today said the prostatic condition from which the President has been suffering several days was checking his general improvement of the last two weeks. Doctor Grayson announced he has called in Dr. Hugh Young, of Johns Hopkins Hospital, Baltimore, one of the foremost specialists in the country on prostatic troubles. Dr. Young will make a thorough examination to determine whether an operation is necessary, Grayson said.

A STORY OF THE WAR

That Grips And Thrills Is Seen In "Heart Of Humanity"

"The Heart of Humanity," to be seen next Wednesday and Thursday, Oct. 22d and 23d at the Alhambra and Opera House, limns on the gray background of the last days of the conflict, a tender and appealing romance of loyal love and unswerving devotion. The whole production, from beginning to end, is fraught with the spirit of those great days when an anxious world hung breathlessly upon word from the seething battle front in Flanders. Into the midst of these stirring scenes of immeasurable portent, there makes its way the gentle romance of Nanette, an American girl reared in the northwood of Canada, and of her Canadian lover, John Patricia. Joined as war is begun, as war progresses they are separated—to meet again where the giant guns thunder their challenge on the fields of France. Thither John goes as an officer in the Royal Flying Corps and there Nanette hearkening to the cries of the homeless and motherless children, follows in the garb of the Red Cross.

There comes the last great Hun attack—the last terrifying drive toward Paris—when Chateau Thierry became another Verdun and the might of America, thrown into the balance, stayed the enemy, halted him and finally drove him back, until his retreat became a rout and he cried aloud for peace. Graphically, all the hopes, the prayers, the fears, the faith that stirred the heart of humanity in those days of vast import are reflected in the Aileen Holubar romance of the war.

SHANTUNG CLAUSE BEATEN IN SENATE

Washington, October 17.—The long debated Shantung amendment to the peace treaty, presented by Senator Henry C. Lodge and approved by the Foreign Relations Committee, finally was rejected in the Senate late yesterday a majority of a score against it.

In the vote of 35 to 55, 14 Republicans swung over to the pro-treaty forces, while three Democrats lined up with those supporting the proposal. Of the six Senators absent, two Republicans were put on record as in favor of the amendment and one Republican and three Democrats as opposing it.

The roll call, which came at the end of another six and a half hours of sharp debate, in reality swept away six amendments instead of one, each change in the treaty text having been numbered separately by the committee in its decision to strike out the word "Japan" and substitute the word "China" throughout the sections relating to the province of Shantung.

By unanimous consent, however, the six changes were debated and voted on as one.

Only three of the committee's 45 amendments now remain to be acted on by the Senate, 36 previously having been rejected. Of those remaining one relates to American representation on the Reparations Commission and two to equalization of voting power in the League of Nations Assembly.

Both Senators Beckham and Stanley, of Kentucky, voted to strike out the Shantung amendment.

Welcoming A New Business

They're a mighty hustling bunch of five young business men who opened up the United Clothing Store's new plant here on Main street. The big crowd awaiting the opening of the doors at nine this morning, for the sale of the Sexton stock attested to the value of newspaper advertising. The stores of this organization wherever located always take front rank and their acquisition to the business of the city means a forward step along many lines. Every new business and live men that come to town help just that much more.

Weekly Health Talks

Where Most Sickness Begins and Ends

BY FRANKLIN DUANE, M. D.

It can be said broadly that most human ills begin in the stomach and end in the stomach. Good digestion means good health, and poor digestion means bad health. The minute your stomach fails to properly dispose of the food you eat, troubles begin to crop out in various forms. Indigestion and dyspepsia are the commonest forms, but thin, impure blood, headaches, backaches, pimples, blotches, dizziness, belching, coated tongue, weakness, poor appetite, sleeplessness, coughs, colds and bronchitis are almost as common. There is but one way to have good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce, of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that so distinguished a physician is proud to have his name identified with it. When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that these remedies always have been strictly temperance medicines. If piles are torturing you, get and use Pierce's Anodyne Pile Ointment. The quick relief it gives is hard to believe until you try it. If constipated, Dr. Pierce's Pleasant Pellets should be taken while using Anodyne Pile Ointment. Few indeed are the cases which these splendid remedies will not relieve and usually overcome. They are so good that nearly every drug store has them for sale.

Black Speaks In Mountains

Louisville, Ky., October 17th.

The first mountain man to be nominated for Governor spoke among his own people here Monday and was enthusiastically received in the seat of a county which is normally Republican by about 200 votes. A half-holiday was declared for school children, 300 of whom, each carrying American flags, marched by Gov. Black and shook hands with him. For several hours citizens called to see him before he delivered his speech.

Referring to his opponent as a "moral and political coward," the Governor said he would not ask him again this time to answer his repeated challenges for a statement of his position on the League of Nations.

Regular Habits Produce a Beautiful Complexion

Daily elimination rids the system of poisons.
Women should realize that!

MANY women complain daily of their complexion, of their headaches and general ill health little realizing that the trouble is constipation. Women, too, are much more subject to such congestion than men, and much more careless of it. The result is seen in lusterless, weary eyes, in sallow, pimply complexion, in lassitude, bad breath, and in that word so often used, "indisposed."

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

At the first sign of these symptoms the wise woman will take a laxative, and will see that the young girl and others in her care do likewise. Dr. Caldwell's Syrup Pepsin is the favorite with thousands of women because it is mild and gentle in its action and in the end trains the stomach and bowel muscles to do their work naturally without the aid of medicine.

This combination of simple laxative herbs with pepsin can be bought at any drug store for 50c and \$1 a bottle, the latter for families, for it is also a very sterling first-aid in colds, fevers and other sudden ills that make it advisable to

"Cascarets"

Sick headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. It

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips of Afflicted.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be

reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., which acts by cleansing the blood. Get a bottle to-day, and you will see results from the right treatment. BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.
